September 6, 2017

Dear Parents and Guardians,

Federal and State mandates require school organizations to establish a Special Education Advisory Committee to provide recommendations on a variety of special education topics. The school's Special Education Advisory Committee (SEAC) is comprised of parents and staff who guide the development and delivery of the services available to meet the needs of all students with disabilities who are eligible for and need special education and related services.

Our Special Education Advisory Committee (SEAC) exists to advise and collaborate with the school on matters relating to continuous program improvement efforts as they pertain to special education by actively seeking input from students, teachers, and the community.

If you are interested in becoming a member, contact Mrs. Cordero, the school secretary. SEAC meets in the early evening four (4) times per school year. Our first meeting date will be September 19, 2017 at 4:00 p.m... Please fill out the bottom portion of this correspondence if you are interested in participating.

Yours in Education,

Dr. Jones-Booker

Student Name _____

Grade _____

_____ I am interested in becoming a member of Special Education Advisory Council.

_____ I am not interested in becoming a member of the Special Education Advisory Council.

If you are interested, please complete provide your name and contact information.
